

# Good practices in Research Software Development

Francesco Nattino, Djura Smits, Sarah Alidoost,  
Thijs van Lankveld, Lucas Esclapez

netherlands  
**eScience center**

# Who are we?

- The Netherlands eScience Center is a national center for **innovative software solutions in academic research**.
- Our Research Software Engineers
  - help researchers interpret results,
  - make tools and methods reusable for the wider research community,
  - co-author research and methodological publications.

# Training Programme Schedule 2024 + 2025

	2024		2025
<b>July</b>		<b>January</b>	<ul style="list-style-type: none"> <li>• Introduction to Deep Learning (2 full days in-person)</li> </ul>
<b>August</b>		<b>February</b>	<ul style="list-style-type: none"> <li>• Good Practices in Research Software Development (4 half days online)</li> <li>• Efficient computing in Julia – pilot (2 full days in-person)</li> </ul>
<b>September</b>	<ul style="list-style-type: none"> <li>• Medical Image Processing – pilot (1 full day in-person)</li> <li>• Intermediate Research Software Development with Python (spread over 5 weeks online)</li> </ul>	<b>March</b>	<ul style="list-style-type: none"> <li>• Machine learning in python with scikit-learn (2 full days in-person)</li> <li>• Carpentries Instructor Training (2 full days in-person)</li> </ul>
<b>October</b>	<ul style="list-style-type: none"> <li>• Good Practices in Research Software Development (2 full days in-person)</li> </ul>	<b>April</b>	<ul style="list-style-type: none"> <li>• Research Software Support Masterclass (spread over 4 weeks, combi in-person and online)</li> <li>• Natural Language Processing - pilot (2 full days in-person)</li> </ul>
<b>November</b>	<ul style="list-style-type: none"> <li>• Parallel Programming in Python together with SURF (online)</li> </ul>	<b>May</b>	<ul style="list-style-type: none"> <li>• Parallel Programming with Python (2 full days in-person)</li> <li>• Intermediate Research Software development with R (2 full days in-person)</li> </ul>
<b>December</b>	<ul style="list-style-type: none"> <li>• GPU programming (2 full days in-person)</li> </ul>	<b>June</b>	<ul style="list-style-type: none"> <li>• Intermediate Research Software Development with Python (2 full days in-person)</li> <li>• Image Processing with Python (2 full days in-person)</li> </ul>

- For exact dates of upcoming workshops (3 months in advance):  
[esciencecenter.nl/events/?f=workshops](https://esciencecenter.nl/events/?f=workshops)
- To be notified about coming up workshops, subscribe to the Newsletter:

# Do you want to teach with our materials?

- All material that we use is open-source and available online. See <https://www.esciencecenter.nl/training-materials/> for more information
- We can help you setup workshops, contact [training@esciencecenter.nl](mailto:training@esciencecenter.nl)

# Do you want us to come and teach a workshop at your organisation?

Our Digital Skills Workshops are **open to all researchers in the Netherlands.**

We also offer paid options of standard and custom workshops dedicated to your organisation. To learn more, contact:

[training@esciencecenter.nl](mailto:training@esciencecenter.nl)

# Schedule

Day 1	Collaborative version control with Git and GitHub
14:00	Workshop Introduction
14:15	Version control with Git
15:30	<i>Afternoon break</i>
15:45	Collaboration with Git and Github
17:00	END

Day 2	Good practices in research software development
09:30	Modular Code Development
10:30	<i>Morning break</i>
11:00	Code Documentation
12:00	<i>Lunch break</i>
13:00	Testing
15:00	<i>Afternoon break</i>
15:30	Continuous Integration
16:45	Wrap-up
17:00	END & Drinks
